

Furness Young Professionals - The first ‘Inspiring Young Entrepreneurs’ event

17th October 2008 - Venue: Duke of Edinburgh Hotel, Barrow-in-Furness

Imran was the first speaker in the Furness Young Professionals’ *‘Inspiring Young Entrepreneurs’* events where we invite an entrepreneur to join us share their story and success with a group of young professionals. Around 60 attended which was a record turn out for an FYP event. This was followed by a dinner at the Duke of Edinburgh Hotel.

Imran’s visit created quite a stir among the Furness Young Professionals after many had seen his success on Dragon’s Den followed by several TV and press appearances. Imran’s presentation style was pitched perfectly to inspire and entertain our members, enthusing them about the merits of entrepreneurship and having a go at setting up in business. Despite being a very successful business person already, Imran managed to create an atmosphere in the room of belief and ambition, which lasted well beyond the event itself.
